quinoa n peas  
fried plantain

dessert: collective digestive

hard dough bread n butter pudding

all dishes are infused with  
Genny Graham Pepper Jelly

food for thought...

- How do we address traumatic histories with sensitivity and nuance in a way that makes space for grief while also not centring or sensationalising trauma?
- What are meaningful ways of revisiting the past? Is there an importance in telling these stories?
- What forms can 'memorial' take?
